Tours, Workshops and Evening Reception

Tuesday 30 January 2018

Symposium with invited speakers

Australia, New Zealand, Asia and the Pacific Regions face threats to cultural heritage from climate change and natural disasters. This Symposium will bring together people working in the fields of climate change mitigation and disaster recovery across the cultural heritage sector. Blue Shield Australia's mission is to safeguard cultural assets from risks due to conflict or disaster for future generations, and this Symposium is its flagship event in 2018.
